

## NH Children's Behavioral Health Collaborative

The Collaborative is an initiative working to improve behavioral health outcomes with children, youth, and their families in New Hampshire. The Collaborative represents the largest ever collaboration of New Hampshire child and family organizations and agencies—more than 50—focused on mental health and substance use disorders.

The goal of the Collaborative is to transform the current system into one that is comprehensive, integrated, and family- and youth-driven.

*The future prosperity of New Hampshire depends on our ability to foster the health and well-being of the next generation of citizens.*

*The social and emotional health of children is fundamental to their overall health.*
